## THE CLEWS ARE VERY SCARCE

There are no New Developments in the Hill Murder at Shelbyville

Police and Detectives are Working on two Clews—Coroner's Inquest Over.

The slayer of little May Hill, the child who was struck the blow almost ten days ago at Shelbyville, and who died just a week ago, may never be known. Many clues have been taken up by the police and detectives and they have done all in their power to locate the guilty party, but up to the present time, they have been unable to arrest a single person other than two or three tramps who, after being given a "sweating out" were found to be persons who knew nothing of the affair. It now begins to look to look as if hope has been given up in the affair and the people have settled down to the old adage that "murder will out" and are waiting for some one to confess.

There are still many rumors afloat among the people of Shelbyville, but the person who committed the murder may never be known.

It is reported that the building and loan book which had been stolen, has been found, but this is not known to be a fact.

The detectives in the case are now working on two clues, but whether arrests will follow is not at the present time known.

Prosecuting Attorney Bassett and Coroner Bass have completed their investigation of the affair as far as the coroner's inquest is concerned, but it is not known just when that will be given out.

Rumors are very thick in Shelbyville at the present time and the detectives have investigated many of them but everyone seems to be as much at sea as they were at the beginning of the case.

## ASSESSMENTS WERE RAISED

And Consequently Much Excitement Prevails in Royal Arcanum Circles.

The Royal Arcanum, one of the best and most conservative fraternal insurance orders, is passing through a crisis at present. At the recent session of the supreme body of this order, the rates of assessments were rearranged according to the past mortality experience of the order, and in consequence, the rates were considerably raised, especially on the old members. Time is given until Oct. 1st for members to make up their minds which of the five different options offered they will take.

This action of the supreme body is strongly resented by the members at large, and considerable excitement prevails among the members of the Royal Arcanum all over the United States.

A meeting has been called to be held by regularly appointed and accredited representatives of all the lodges of the State, to meet at Indianapolis August 1st, for the purpose of entering a strong protest against the re-rating of members at their attained ages.

The local council of the Royal Arcanum, which has about sixty members, held a meeting at the Woodmen's hall last night, and passed a strong resolution against the action of the supreme body, and appointed Mr. Ed. Crosby as representative and George H. Caldwell, alternate, to attend the State indignation meeting, and they were instructed to enter a vigorous protest in behalf of the local council.

The Royal Arcanum was instituted in Rushville about twenty years ago, since which time six deaths have occurred in the order and \$18,000 has been paid the beneficiaries. The last payment was made just recently to Mrs. James P. Gregg.

## HOOPS DREW MOB

Caused Suspension of Business in a Pittsburg Department Store.

Two young Pittsburg social leaders have attempted to set the pace for wearing large hoop skirts. It was not as large a success as they hoped for. As soon as they appeared on the streets a mob surrounded them because of their appearance. They escaped into a big department store and their appearance caused a suspension of business, for both clerks and customers gathered around to stare at them. The floor walkers requested the young women to retire, but they couldn't, for a solid mass of humanity blocked the street. It finally required a posse of police to clear a space to their carriage. If these society leaders ever again appear in baloon hoops in public, they will charge gate receipts and with the proceeds found an orphan asylum.

## FIRES SHOT AT NIGHT POLICEMAN

Thomas Scanlan Has Exciting Time With Two Suspicious Characters.

Night Policeman Thomas Scanlan, while walking up the west side of Main street about 1:30 this morning near the alley between Third and Fourth streets, met two men coming out of the alley. The men wore dark clothes, and one wore a cap, while the other wore a black slouch hat. Theo acted very suspiciously and policeman Scanlan concluded that they had either been into mischief or were going to be, so he asked them to give an account of themselves.

The men did not answer and started to run, going across the street in the direction of the residence of F. A. Capp, in an effort to dodge the officer and escape. Policeman Scanlan informed them that he was an officer and ordered them to stop or he would shoot. The men paid no attention to him, and as they reached the opposite curb one of them, evidently thinking that the officer was going to shoot, pulled a gun and fired. The bullet, however, went wild. Before the policeman, who had started in pursuit, could bring his gun into play the men had darted among the trees and building and escaped. Scanlan then hurriedly summoned Marshal Craig and policeman Gordon and a thorough search of the town was made, but to no avail.

Soon after the shooting, residents who were awakened by the noise, heard the men running west along the C., H. & D. tracks. One lady who saw them says there were three of them. She says she saw the same three men again early this morning at the traction depot. Marshal Craig is of the opinion that the men boarded a C., H. & D. east-bound freight about 2 o'clock a. m.

Yesterday certain citizens noticed two men answering somewhat to the description given of these men, strolling about town eyeing the residences and business houses. In view of the fact that robberies have been occurring each night at Greensburg, New Castle and Shelbyville, besides Mays and Spiceland, Rushville people should securely fasten the doors and windows of their homes. The citizens should be on the lookout for thieves for they are about due in this city.

On hearing a rumpus among her chickens one day last week, a lady near Blue Ridge hurriedly went to seek the cause, when, to her dismay, she found an old sow leisurely dining on chicken of a very tender age. Hurrying back to the house she quickly returned with a breach-loading shot gun and a handful of loaded shells and began administering to said sow one ounce of No. 4 shot every five seconds until her supply was exhausted. The husband hurried to the house to learn the cause of the bombardment and was quickly informed that he must keep on hand a larger supply of ammunition, as the scarcity had just prevented her from effecting a complete cure on Mr. Hog.

## SITUATION IS SERIOUS

Russian Poland is Developing a Fierce Revolutionary Spirit.

Nearly 200 Killed and 2000 Wounded in the Riots of Yesterday and Today.

(Special to the Daily Republican.)

Lodz, Russian Poland, June 24.—This city has been in a state of panic for the past few days. The strike is general and all the factories and shops are closed. Barricades have been erected at many points. Rioting was general yesterday, and 171 were killed and over 2000 wounded. The rioting was renewed this morning, adding 18 killed or wounded to the list. The rioters attempted to fire the government offices, but were scattered by the troops.

St. Petersburg, June 24.—According to advices received here the situation in Poland is again exceedingly serious. Censored dispatches from Lodz, though giving few details, indicate that fierce street fighting was in progress yesterday between the military and the striking workmen, who barricaded the thoroughfares in various quarters of the city and offered resistance which the troops met with volleys. The list of dead and wounded is heavy, but not even an estimate has been received here. Russian correspondents telegraph that the streets are entirely in the hands of the military and the mob and that it is unsafe to venture out to obtain details.

It is not known whether the fighting was continued today, but it is feared that order can be restored only at heavy sacrifice. Lodz has been in a turmoil for the past three days. The strike, which embraces 60,000 workers, appears to have entirely lost its economic nature and is now a vast political manifestation. All forms of public business activity have been suspended, the peaceful inhabitants remaining indoors in fear of their lives. The political zeal of the manifestants has become inflamed by intoxicants from the vodka shops which were broken into and pillaged yesterday. At Warsaw a strike has commenced and disorders are looked for, and the trial of Okrzej, who threw a bomb at a police station March 26, will probably result in other bomb outrages. A man was arrested yesterday armed with a bomb which was evidently intended to be used in court during the trial yesterday.

In the meanwhile the government has publicly disclaimed all designs as to the Russification of Poland, the committee of ministers in its deliberations on the school question, which were published yesterday, saying: "The committee considers it absolutely necessary to establish the fact that the Russification and denationalism of the Poles cannot possibly lie within the intent of the Russian government. The aim must rather be the amalgamation of the Polish government with the Russian administration and the welding of the Polish people with the general body politic of Russia by peaceful ties which will preserve Polish individuality, culture and language."

Washington, June 24.—Mr. Takahira, the Japanese minister, called at the White House last night, where he was received by the president and remained for three-quarters of an hour. The minister would have nothing to say about his conference or the situation at this time, beyond remarking that "some matters must be settled first." When asked about an armistice the fact that the minister could give no assurances regarding an armistice prior to the convening of the Washington conference tends to confirm the belief in official circles here that little headway has yet been made by the president in this direction. The Russian reply to the president's suggestion regarding an armistice has not been received, and until the reply is received the result of this phase of the negotiations cannot be known.

—Miss Cora Mitchell has returned from a visit with her sister, Mrs. Florence Russell, of Crawfordsville.

## HARD WORK

Morton Monument Commission Wants the Help of All G. A. R. Posts.

Every effort is being put forth by the Morton Monument commission to raise \$15,000 by popular subscription to be added to the fund of \$35,000 provided by the General Assembly for the erection of a monument in honor of Oliver P. Morton, Indiana's great war governor.

The commission's secretary, Rev. D. R. Lucas, of Indianapolis, has succeeded in obtaining the co-operation of every Grand Army post in the State, and the members of the organization will make a special canvass for funds. In addition to this he is attempting to secure the services of some individuals in every county to carry on the work of collection. Several hundred dollars have already been pledged. It is hoped that \$15,000 can be raised, making the whole amount for the work of the commission \$50,000. About \$1500 of the amount will be utilized in paying the incidental expenses of the commission, and the \$48,500 left will be expended for the monument.

## A SPECIAL TRAIN TO CONNERSVILLE

Greensburg Base Ball Team Will be Accompanied by Many Rooters.

The management of the Greensburg Daily News succeeded at 5 o'clock last night, in getting a special train of twelve coaches from the Big Four for the game between Greensburg and Connersville at Connersville tomorrow. The train will come to this city over the Big Four from Greensburg and will transfer to the C., H. & D. tracks over which it will go to Connersville. The train will reach this city at 1 o'clock. Tickets will be sold at the Big Four depot at \$1.00 for the round trip or at the C., H. & D. depot for 55 cents for the round trip. Returning the train leaves Connersville at 6:30.

As there is no game here tomorrow, for the reason that the local team plays at Martinsville, a very large number of the local fans will go to Connersville. It is estimated that 600 people will accompany the Greensburg team from its home city.

## MAY BE BUILT FROM THIS PLACE

Charles L. Henry Would Extend Rushville Line to Greensburg if Shelbyville Fails.

The Greensburg News in reporting Charles L. Henry's address to the Greensburg city council during the discussion over granting the franchise to the I. & C., quotes Mr. Henry as saying: "From what we can learn, it seems pretty certain that the Shelbyville franchise will be amended and then no doubt of the extension. We believe the \$300,000 on the Madison extension will be taken and the road extended to Madison. We believe that if Shelbyville does not act right about the matter, the road will be built from Rushville to this place. We believe we are justified, from the knowledge possessed that we have good grounds for founding our beliefs."

—Mr. and Mrs. Charles A. Schroth will return Wednesday from their trip to New York and other Eastern cities, and will make a visit of four or five days' with Mrs. Schroth's parents, Mr. and Mrs. Z. E. Maury before going to their home in San Francisco.

## IT IS NOW ABOUT OVER

Chicago Strike Has at Last Literally Worn Itself Out.

At a Formal Meeting This Afternoon Terms of Settlement Will be Agreed to.

Chicago, June 24.—All the obstacles which have prevented an ending of the teamsters' strike appear to have been eliminated and the indications today are that unless something unforeseen develops hostilities between the opposing interests will cease within a short time. At a meeting between the committee representing the strikers and J. V. Farwell for the employers' association, the question of a conspicuous display of the union button which has been opposed by the employers during the peace negotiations, was settled. This question is to be left to the employers individually, the association agreeing to withdraw the demand for the elimination of the union emblem.

During the meeting with Mr. Farwell the subcommittee of the teamsters' union assured the employers' representative that his terms of settlement would be satisfactory to the men, but that the result of the meeting would have to be reported to the general committee before any official action could be taken.

Arrangements were made with Mr. Farwell to meet representatives of the general committee this afternoon, when, according to the labor leaders, the settlement of the strike will be completed with the exception of taking a referendum vote by the strikers on the proposition. This referendum vote is merely a matter of form and will without doubt result in a unanimous vote to accept the employers' terms. Should today's conference result in a settlement being reached, it is expected the referendum vote will be completed by Monday night.

President Shea of the teamsters' union said he was satisfied with the basis of settlement and would not stand in the way of putting an end to the trouble.

## MANY CITIZENS IN ATTENDANCE

No Action Taken on Franchise by Shelbyville City Council.

At a special meeting of the Shelbyville city council last night to consider a proposition of Charles L. Henry, owner of the Cincinnati & Indianapolis traction line, to make an extension of the interurban line from Shelbyville to Greensburg, fully 300 citizens attended.

The traction magnate made known the terms upon which he proposed to extend the line and a number of prominent citizens spoke in favor of the plan. An ordinance was finally presented by Henry which was put upon its first and second readings, after which it was laid upon the table for action at the next regular meeting Tuesday. It is probable that the terms will be agreed to.

—Charles O. Warner, of Ottumwa, Canada, is the guest of his sister, Mrs. E. I. Wooden. Mrs. Wooden had not seen her brother for nineteen years, and yesterday on coming to her home, he introduced himself as a book agent and consequently received anything but a cordial welcome. He insisted upon showing his book, but Mrs. Wooden insisted upon not seeing it, and asked him to leave the house, and it was not until he made himself known to her that she recognized him as her brother.

The egotist boasts that he has never had the wool pulled over his eyes.

## MAKING CLOVER HAY

Farmers Begin the Work of Getting in Their Harvests.

The busy season for the farmers is coming on at a rapid pace, and some of the tillers of the soil have already cut their clover and are storing it in the mow. Some of that which is already cut, stands a pretty good chance of getting wet, but a warm sun will dry it out in short order. The clover is standing very heavy this year and farmers say that the crop will be an excellent one.

Timothy hay will be cut before many days and shortly after that the wheat will be harvested. In some localities the rust is noticeable, but to no very great extent, and what little wheat there is, is looking fine. The corn is coming on rapidly and in some places it is more than waist high.

## RUSHVILLE LOSES TO FOWLER TEAM

Men are Used up and in Crippled Condition—Bad Treatment on Trip.

The Rushville base ball team was handed another raw deal at Fowler yesterday, being defeated by a score of 9 to 0. Manager Geraghty, who arrived home on a short business trip last night, says that it is impossible to win from the teams in that part of the state for the umpires are entirely too one-sided in their decisions. The Rushville team is playing at Lebanon today and goes to Martinsville tomorrow. The team lined up today as follows: Connaughton p, Morgan c, McClellan 1b, Carter 2b, Bush ss, Herold 3b, Pierce lf, Taylor cf, Kiser rf. Wagner will try to pitch at Martinsville tomorrow.

The team is in a badly crippled condition. McCord is at Louisville, laid up with his split thumb. He will return, however, Monday and expects to be able to pitch Wednesday's game against Greensburg here. Wagner has been injured by being hit by a pitched ball and is temporarily out of the game. Weaver was struck in the eye by a pitched ball and is laid out. Kiser, who has been sick for the past two weeks, joined the team at Lebanon today. Pierce, of the Indianapolis Reserves, has been playing the team during its row of hard luck.

The next game will be with Greensburg in this city next Wednesday; Rushville plays at Greensburg next Thursday and the Indianapolis Reserves play here, Sunday and Monday, July 2 and 3d. The Dayton Reserves of the Sunday League, play here on July 4th. Rushville plays the Indiana University team, representing Bloomington at, Bloomington, July 10th, 11th and 12th. The University team will play here July 28th and 29th. Wagner, Rushville's hard hitting pitcher, secured two three base and two two base hits during the two games that he played in at Fowler.

## WALLACE'S SHOW COMING HERE

Denny Lynch, the gentlemanly advertising agent of the great Wallace shows, was here today placing the newspaper announcements of the coming of the circus. The show will be here July 25th, coming here from Greensburg, where it shows on July 24th. The show, Mr. Lynch says, is bigger and better than ever this year.

The remains of Rowe Martz, who died at his home in Homer yesterday morning, were brought to this city this morning over the Pennsylvania at 10:05 and were taken on the 10:46 C., H. & D. train to Indianapolis, from which place they were taken to Arcadia, where the funeral services will be held Sunday.

## FARM TRAIN IS ARRANGED

Purdue University to Send Out Agricultural Special in the Fall.

Proposed to Give Farmers all Over Indiana Direct Benefit of Work Under Way.

Rush county farmers express gratification over the preparations which are making at Purdue University experiment station, whereby next winter a "seed and soil special" will be sent out over the railroads of the State in the interest of the Indiana farmer. The train will carry information about corn and other crops, soils and how to make them productive, will also carry a corps of instructors from the station and will be under the supervision of Prof. Arthur Goss, director of the experiment station.

The seed and corn special will be the result of the average farmer's inability to attend schools or colleges, where he may receive instructions in the scientific farming of the day. The special will be a veritable school and lecture room on wheels and will be modeled something on the order of the train that traversed Illinois under the auspices of the University of Illinois last year. Pupils along the trackage of the railway companies over whose lines the special will be run will get the benefit of the novelty. Whisking from station to station, school will be held in the morning on one side of the State and in the evening on the other. The doctrine of scientific farming will be thoroughly disseminated.

The instructors and professors will be drawn from the ranks of the instructional corps at the experiment station and agricultural department at Purdue. Most of them are farmers or sons of farmers, with the training and polish of the university, not completely erasing the evidence that these men have not derived their knowledge from books alone. They have had the practical training and know how to put into practice the theories they teach. A special speaker will be carried, who will address the farmers in large towns on general topics of farm life, aside from the mere question of how to get the most out of the land without destroying its fertility. The principal topic will be the question of growing more corn an acre without decreasing the fertility of the soil.

RUSHVILLE, IND., JUNE 24, 1905.

The teamsters strike has taught the lesson that organized labor will prosper in warfare much better when one of the first concerns of unionism is to see that its leadership is morally clean and privately honest. The strike at Chicago has about reached the point where the strikers are anxious to make peace on any terms, and this result has been foreshadowed for several weeks.

The vigorous and energetic pastor of a Cincinnati church who expelled sixty-two members of his church for failing to pay their dues, will, says the Fort Wayne News, no doubt, be subjected to considerable harsh criticism and his church denounced as being a financial rather than a spiritual institution, yet the fact remains that the action taken was eminently proper. It is certain that none of the sixty-two expelled was a person whose poverty prevented the payment of a certain sum toward the maintenance of the church. They were all people who were abundantly able to pay, but who refusing to do so, became mere barometers on the gospel ship. The fact that they contributed nothing toward the support of the church was proof-positive that their hearts were not in touch with the work and that their connection was maintained merely for the social prestige that might accrue from it. They were a detriment to the church rather than a help, and the severance of their relations was thoroughly warranted.

After observing the workings of the political machine in American cities, James Dalrymple, of Glasgow, where they have tried municipal ownership and made a success of it, concludes that the plan is not adapted to the uses of this country. He thinks the machines would have too much power. He expressed himself as follows:

"To put street railroads, telephone companies and kindred concerns under municipal ownership would be to create a political machine in every large city that would be simply impregnable. These political machines are already strong enough with their control of policemen, firemen and other office holders.

"If in addition to this, they could control thousands of men employed in great public utility corporations, political machines would have power that could not be overthrown. I came to this country a firm believer in public ownership and upon the special invitation of Mayor Dunne to advise him upon the Chicago situation. What I have seen here, and I have studied the situation carefully, makes me realize that private ownership under proper conditions is far better for citizens of American cities."

Everything that Mr. Bryan says about Democratic plans for 1908 is entitled to the attention of Democrats and Republicans. He is the most powerful personage in the Democratic party in 1905. At the St. Louis convention of 1904 he was a commanding figure. The sordid and the vulgar stamp of politics represented by Hill, Belmont, Murphy and Cockran was alien to everything for which Bryan stood. Bryan fought Parker and the things which Parker typified in the convention and though he was defeated in that body he was overwhelmingly vindicated at the polls. Undoubtedly he is correct in saying that the radical Democracy will run the party in 1908. Something, as he declares, will be borrowed from the Socialist and Populist policy. But will that give the Democracy the victory? Unquestionably it will not. It is entirely safe to predict, however, that under the leadership which the Democracy will have in that year it will make a far more respectable canvass than it did last year. Neither Socialism nor Populism will ever get the sanction of a majority of the votes of the American people. Under the leadership, though, of intrepid, honest and capable men like Bryan, the Democracy in 1908 will be likely to put up a fight which will compel the Republican party to name a strong ticket and make an active canvass in order to maintain control of the government.

## PASSING OF THE HORSE

Has the Automobile Sounded the Equine Death Knell?

Indianapolis, June 24.—A report compiled by Joseph Stubbs, state statistician, raises the interesting question of whether or not the faithful horse is to be relegated to the auto and the mule. It does not show the number of automobiles in use, but reports received at the secretary of state's office where licenses are issued are evidence that the use of machines is becoming more general. Stubbs' figures state that there are fewer horses in Indiana now than in any year in the last decade except 1900. The number this year is 596,156, barely 10,000 above the low water mark of 1900, and much lower than last year. On the other hand the report shows that the number of mules is rapidly increasing, having reached the total of 60,150.

A question has been raised in the Republican majority race here that is of considerable interest throughout the entire state. In substance it is whether or not a Democrat who voted for Roosevelt last November has a clear title to membership in the Republican party that will entitle him to vote at the primaries for nominating the city ticket. It will be interesting to Roosevelt Democrats to have the matter construed as to where they stand in the eyes of the Republican leaders. Are they still Democrats, or do they belong to the Republican procession? Chairman Metzger of the Republican city committee will submit the question to prominent attorneys for an opinion. The Joss primary election law says that anyone who affiliated with the party at the preceding election and who will make affidavit that he will vote for the ticket at the succeeding election, is entitled to a vote. The opponents of Roosevelt are insisting that he expects the supports of hundreds of these so-called Roosevelt Democrats and they don't propose to let them vote.

No decision has been reached yet as to a location for the southeastern Indiana hospital for the insane. Geo. A. H. Shideler of Marion, D. D. Jacobs of Lafayette, Eph Inman of Washington, and John McCordle of New Richmond, members of the hospital commission, met with Governor Hanly yesterday afternoon, but did not take final action. The commission recently made a tour of several cities offering locations, and it is understood that the meeting was for the purpose of making up a list of the choice ones from which the selection will finally be made. W. E. Springer, representative from Bartholomew county, who was here today, seemed confident that the institution will be located near Columbus. Marcus Sulzer of Madison, who called on the governor, was confident Madison will draw the prize. The other places in the race are New Albany, Seymour, Bedford and North Vernon.

**Stole Watch and Name.**  
 Shelbyville, Ind., June 24.—As a result of the dragnet thrown out by the police here for the murderer of the Hill baby, a man giving his name as C. E. Poston was arrested on a charge of loitering. He carried a fine gold watch upon which was the inscription, "C. E. Poston, Crawfordville, Oct. 15, 1877." Crawfordville authorities were notified and it was learned that the home of C. E. Poston, a wealthy business man of that place, had been robbed last Sunday night. Chief of Police John Brothers of that city came here and took the man back there for trial. Poston was also robbed of a valuable diamond pin, but it was not found on the negro. He had assumed the name he found in the watch. He refused to give his real name.

**Hyde Expresses Willingness.**  
 New York, June 24.—Jas. H. Hyde, through his counsel, Samuel Untermyer, has indicated to Attorney General Mayer his willingness to facilitate the attorney general's proposed suit against "James S. Hyde and associates" for the return of the profits received by them in the syndicate's transactions in which the Equitable society was involved.

**Judgment Affirmed.**  
 New York, June 24.—The sentence of seven years and six months imprisonment at hard labor which was imposed upon James R. Kellogg when he was found guilty of participating in the affairs of the E. S. Dean company, will stand. A decision affirming the judgment has been handed down by the appellate division of the supreme court.

**Expectant Turners.**  
 Indianapolis, June 24.—Nothing will be known of the success of the different athletes or clubs in the Turners' contests until the award of diplomas and laurel wreaths next Sunday afternoon. Until that time everything will be held secret by the judges and nothing announced.

**A Mississippi Lynching.**  
 Meridian, Miss., June 24.—Pierce Moberly, the negro who killed Ed C. Jones near this city last Saturday, has been captured near Roberts Mill west of this place, and lynched. The body was found swinging to the limb of a tree, riddled with bullets.

**Killed on Bridge.**  
 Delphi, Ind., June 24.—Christian McNulty, sixty-five years old, a civil war veteran, was caught on the Deer creek bridge at Delphi by the Wabash fast mail and instantly killed.

## TANNER TO TEST IT

Famous Forty-Day FASTER  
 Now Has a New Life Theory.

WILL BE BURIED ALIVE

The Old Doctor Will Be Put Away Under Eight Feet of Attica Magnetic Mud.

He Confidently Expects to Be Resurrected in Good Shape After Thirty Days.

Attica, Ind., June 24.—Dr. Tanner, who over twenty years ago, fasted forty days to prove that the biblical account of the fast of Jesus was not physically impossible, will be buried alive for thirty days at Mudviva, near this city, this summer. Dr. Tanner's idea is that chemical action in the earth generates a form of energy which he designates as radio-activity, and which is carried to the surface by the freely-flowing springs. At the earth's surface, so runs the theory, the water is evaporated and the energy remains behind in the mud. Dr. Tanner, after studying the theory, became convinced that it was not an impossibility, and, emboldened by his former success, he decided to test the proposition. A grave eight feet deep will be dug in the magnetic mud, and Dr. Tanner will be buried alive, to remain for thirty days. He expects to be resurrected alive.

DEMOCRATIC EDITORS

Are Preparing to Get Together at French Lick.

Indianapolis, June 24.—At a meeting of the executive committee of the Indiana State Democratic Editorial association at the Grand hotel yesterday afternoon, it was decided that the association's annual midsummer meeting should be held at French Lick July 13, 14 and 15 next. All Democratic editors of the state, whether members of the association or not, are invited to attend this meeting. The French Lick Springs Hotel company has made a rate of \$2 a day for the convention. Henry Watterson of the Louisville Courier Journal will be invited to address the assembled editors.

It is announced that the editorial party will arrive at French Lick on the evening of Thursday, July 13, and dinner will be followed by a musicale. At the business meeting on Friday morning Thomas Taggart will make an address of welcome to the visiting editors, which will be responded to by L. G. Ellingham of Decatur, president of the state association. Papers will be read by J. O. Behymer on "Composition and Its Actual Cost," and by Oscar Cravens on "The Passing of the Weekly." In the afternoon the party will take a trip to the historic caves of Orange county and enjoy a Dutch lunch. The annual banquet will be held Friday evening, Frank B. Haimbaugh of the Muncie Press, toastmaster. Clay W. Metzger of the Plymouth Democrat will respond to the toast, "Chicken With Its Head Off," and Dale J. Crittenger of the Anderson Democrat will respond to "The Democratic Editors." The banquet will be followed by a grand ball.

Saturday morning Royal E. Purcell of the Vincennes Sun will read a paper on "A Newspaper—Its Cost." In the afternoon the party will enjoy a horseback ride to nearby points of interest, and in the evening there will be a musicale at the hotel.

It was resolved, with thanks to the steamboat company, to abandon the project of making a trip up the Kentucky river, as had first been contemplated.

**Setting the Pace.**  
 Indianapolis, June 24.—A rapid marital pace was that set by Leonard W. Gemmer, who, in a complaint filed against Minnie Gemmer, set out that he married her last Wednesday, separated from her Thursday, and now asks for an annulment of his marriage contract. Gemmer averred that he is only eighteen years of age and legally incapable of entering into the marriage contract.

**Girl Acted Quickly.**  
 Washington, Ind., June 24.—Jesse Gibson, eighteen years old, employed in a steam laundry, was caught on a rapidly revolving shaft and was being whirled to death when Lizzie Sterlin, a laundry girl, ran to the engine room and stopped the machinery. Gibson's collar bone was broken, his shoulder dislocated and an arm broken. He cannot recover.

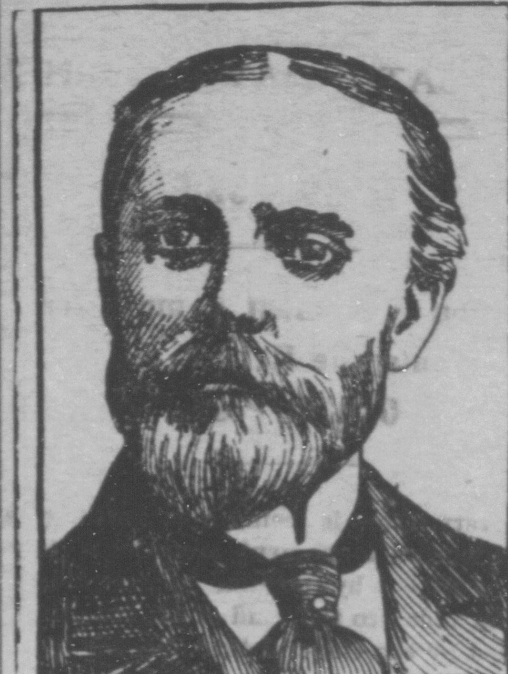

**Claims It Was an Accident.**  
 Terre Haute, Ind., June 24.—Adele Mosteller, aged eleven, who was shot Thursday with a revolver by Thomas Burch, aged seventy-five, a hermit, is dead. Burch is in jail. He claims he was shooting at a rabbit at his home, two miles north of town, just as Mrs. Burch and daughter passed his home. He is greatly agitated over the shooting.

**Derrick Fell on His Head.**  
 Clinton, Ind., June 24.—Theodore Sparke, single, aged twenty-three, was killed in a gravel pit four miles north of here. A portion of the derrick fell on his head, causing instant death.

## HONORS TO REID

American Ambassador to England is Well Received.

London, Eng., June 24.—Whitelaw Reid, the American ambassador, who has been officially received by King Edward and the members of the cabinet and entertained socially by royalty and the leaders of English society, made his first public appearance as ambassador last night at a dinner given in his honor by the Pilgrims' Society of London.

WHITELAW REID.

The gathering included many of England's most famous men with a sprinkling of American residents of London, all of whom gave the heartiest welcome to the American representative. The large banquet hall at Claridge's was crowded and presented a brilliant scene. The hall was plainly but daintily decorated with the entwined American and British flags, huge bells of American Beauty roses, and clusters of other flowers, while the numerous round tables at which the company dined were decorated with red and pink roses and green climbers. Field Marshal Lord Roberts presided.

Prayer answered. Admiral Enquist Given a Measure of Relief by War Department.

Washington, D. C., June 24.—In response to a request cabled the war department by the governor general of the Philippines in behalf of the Russian Admiral Enquist, to be allowed to return his sick and wounded officers and men upon giving their parole not to engage in hostilities during the war and to be allowed to bring certain material for repairing damaged ships, the secretary has sent the following cablegram:

"You may allow Russian admiral to embark his sick and wounded officers and men on Russian hospital ship, daily expected, upon their giving parole not to engage in hostilities during the war.

"You may also allow them to bring from Shanghai material for repairing vessels, other than munitions of war, such as cordage, sailcloth, waste and oil for machinery, etc., but the vessels are still to remain in internment."

**Crime in "the Dead Stretch."**  
 Florence, S. C., June 24.—H. D. Granger, a local Baptist preacher, was shot from ambush and killed while working on his farm near here. He lived in the district known as "the dead stretch," where it is said that negroes are not welcome and the only explanation of his death is in the fact that he hired two negroes to work on the farm and protected them—even allowing them to sleep on his premises. Granger was respected and had many friends, but it appears to have angered a certain element that had made it a risky thing for a negro to enter the "dead stretch," which is said to lie between Bayboro and Loris.

**After Train Wreckers.**  
 Cleveland, O., June 24.—The Lake Shore Railway company has offered a reward of \$2,000 for the arrest or for information leading to the arrest of the person or persons responsible for the wreck of the Twentieth Century Limited at Mentor, O., Wednesday night.

CONSIDER THIS OUTING

To Famous Seashore Resorts, in Planning Your Vacation.

By far the most attractive trip for health and pleasure the coming vacation season is that offered by the Seashore excursion Thursday, August 17th, over Pennsylvania Lines to Atlantic City, Cape May and seven other famous summer havens on the Atlantic Coast.

The fast through train over Pennsylvania Lines takes passengers in a few hours out of the heat and humidity of Summer to the cool breezes of old ocean. This Mid August excursion occurs in the season for rest when it is most convenient to leave business. Excursionists have the added pleasure of seeing Atlantic City when it is in full tide of the fashionable season. The greatest representative gatherings ever known at any resort are seen at Atlantic City. As many as 50,000 people at one time promenade the famous board walk. The fashionable bathing hours present an unparalleled scene—fully 100,000 bathers in the sea and on the beach.

The healthful effect of the seashore trip is due to salt and pine air. So beneficial has this proved that physicians send their patients there to get the benefit of breathing the pure ocean air.

Special low fares will be in effect for this Seashore excursion. Full information will be freely given by local ticket agents of the Pennsylvania Lines.

One Fare, plus 25c for the Round Trip.

Tickets will be on sale July 1, 2, 3 and 4, 1905, good returning up to and including July 5, 1905.

## COUNTY NEWS

### Freemans.

Ernie Linville, and wife are the proud owners of a new dish-washer. Quite a number of people attended the show at Clarksburg both day and night.

A few farmers began cutting wheat here last Friday.

Mrs. Georgiana Griner, of Buena Vista was here last week trading with our huckster, Dave Higgins.

Lon Kerick and Fred Krug made a business trip to Rushville Thursday.

The case against Robison by Moore for possession to be tried at Greensburg last Wednesday was compromised.

Robison gives possession between now and the first of September; the witnesses throw off their fees and the case was dismissed.

Frank Walters, of Milroy, is taking a week here with old acquaintances.

The new bank building at Clarksburg is now completed and they are doing business there.

The rain was fine on the corn, but hard on the clover that was cut.

A good many farmers will have to let their clover hay go until after wheat harvest is over.

We happened to be in Greensburg on the 21st, and heard the damage suit argued in the case of Kaleb Toler who was killed while crossing the railroad track at Adams.

Frank Moore made a business trip to Indianapolis Monday.

Miss Cleo Starks was the guest of Miss Katie Linville Tuesday.

James Worth was calling on his aunt Nancy Worth Tuesday.

We were somewhat surprised to hear from our brother coon and his big fish-story he being a brother in the U. B. church at Mt. Zion. He has surely felt by the wayside as it has been noticed that he failed to take his regular seat in the amen corner; probably the trip he took after the hay rake caused him to fall from grace.

We want say that he is a drinking man, but on this occasion it looks a little suspicious. As he was driving along the road between Mt. Zion and Hopewell there stood a mail-box about twenty feet on the side of the road in front of Marcus Kendall's well and he ran into that post and turned the rake off of the wagon, turning it about three summersaults into the ditch. After driving on down the road about

a half a mile he discovered that he had lost his rake and on turning around to start back after the rake he met Mr. Kendall who was foaming; he asked our brother if he knew who ran into his mail-box and knocked it over into the front yard. Of course the brother blushed and apologized, saying not to give it away on him as he had gone out of his road a mile by the way of Andersonville and that he had stopped at the drug store to get some machine oil for his wife. Well he may call it machine oil if he wants to but it looks more like it was booze to me, and that it was the kind that usually piles the whole load into the ditch. He relates to you about that fox chase in 1857, before I was born. It's no wonder he took a back seat last Sunday. We hope that his neighbors and friends will forgive him on this occasion and that he will be found on the front seat in the Amen corner as usual next Sunday.

The warrant was issued by Commissioner Snyder upon complaint of Grosvenor Clarkson, special agent for the government, who has been working this district for several months.

It is reported that this is the first of many prosecutions that are to be brought for alleged fraud in this part of New Mexico. It is further stated that thousands of acres of land in the rich arid belt of New Mexico, the most valuable land in the territory, have been secured through fraudulent desert entries. All of these cases are under investigation.

Mr. Tallmadge declares that all of his deals have been according to law and that it will be so proved.

## SEEING AMERICA.

### Wonderful Scenic Trip Across the Rocky Mountains to Oregon

### Exposition.

In certain respects the excursions to the Lewis and Clark Centennial Exposition, Portland, Oregon, via Pennsylvania Lines, beginning May 23d and continuing through the summer, offer advantages never before presented to Exposition visitors. The trip to the Oregon Exposition, in addition to the attractiveness of the extensive exhibits, includes the journey through the scenic wonderland of the Rocky Mountains and the Cascade Range, and what American has not looked forward from the days of the geography class in school to the time when those great sights should be seen in reality? The time was never so favorable as now. The trip may be made less expensively than ever. For only a slight difference in fare, tourists may extend their trip to San Francisco and Los Angeles. The return trip may be made over a different route, enabling travelers to view much more of the West. For full particulars, fares, dates of special excursions to Portland on account of Conventions, through time and passenger service apply to ticket agents of Pennsylvania Lines.
